

ANTHONY JENKINS BIO

I grew up near Vineyard and have lived here since 2015. I have stayed connected with the city by regularly attending public meetings and serving as Vice Chair on the Planning Commission. I am running for city council to provide voters with a candidate option who will have the following priorities:

- **Civic Engagement:** This is your city. Informed public input is key to Vineyard's success.
- **Pedestrian Safety:** I have biked 1000+ miles within Vineyard over the past year. I have seen the benefits our wonderful roads and trails provide. However, I have also seen dangerous distracted drivers and a lack of crosswalks, signaled intersections, and signage to keep our residents safe. I will ensure Vineyard is safe by design.
- **Smart Code:** Vineyard is for everyone. We need zoning codes to accommodate all people and housing types *in the appropriate areas*. We need to write *and enforce* code that will allow students, families, and retirees to enjoy our city while it grows.
- **Back to the Basics:** Vineyard has the opportunity to master the basic city responsibilities of safety and infrastructure (water, sewer, roads, etc.). Everything Vineyard builds and owns should be funded and maintained adequately from the beginning.
